FEATURES

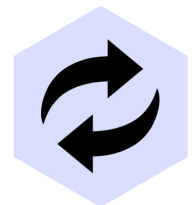

A dedicated VIDEO Platform electrified by WHITEWHALETOKEN: a tube-like crypto-backed and blockchain supported independent site on which creators will have their own wallets and advertising revenue and all other direct related and indirect items, interactions would be balanced and arranged with WHITEWHALETOKEN.

Video / Tube powered by Blockchain / WWTK
Content Delivery Network on Ethereum with WWTK
Active Sites already using WWTK

A Content Delivery Crowd Funding Network which is simply and at first look a forum like just we have in today's world but with rewards and benefits which are truly and fairly working and fueled with WHITEWHALETOKEN.

Already invested more than 1.5 M Valued Content + Other Aspects only in 2019, only on 1 Site. Rest, from LEONS.TV to SOCIAL MEDIA CELEBS, literally hundreds of sites working with WHITEWHALE TOKEN meanwhile investing more in 8K + VR for 2020 (Two sites are already launched) and growing more for now and the future.
